A Non-Profit Company (NPC)

**FUTURE-PROOF  
YOUR CAREER**

# PMI Construction Professional (PMI-CP)<sup>TM</sup>

The only internationally recognised certification that offers an in-depth curriculum to enhance project management capability for **construction and built environment professionals**.

## FUTURE-PROOF YOUR CAREER

- ✓ Cultivate relevant, future-proof skills for a dynamic construction landscape.

## ELEVATE YOUR LEADERSHIP SKILLS

- ✓ Sharpen communication, active listening and commitment-based management skills to strengthen leadership.

## EMPOWER INNOVATION AND SUSTAINABILITY

- ✓ Build the skills needed to adapt to current industry dynamics and sustainability demands.

## COMPLETE THE FOUR COURSE MODULES

(in any order):

1

### CONSTRUCTION PROJECT COMMUNICATIONS

Communication for complex engineering and construction projects.

2

### CONSTRUCTION INTERFACE MANAGEMENT

Skills to help bring large, complex projects to life.

3

### CONSTRUCTION SCOPE AND CHANGE ORDER MANAGEMENT

Tools to solve scope creep and change order challenges.

4

### CONSTRUCTION CONTRACT AND RISK MANAGEMENT

New contract and risk management skills.

These courses are self-paced and designed to meet your schedule. Each module is a 6 to 10 hour commitment and offers professional development units (**14 PDUs per module**) that can be applied to certification renewals.

## ENTRY CRITERIA:

Three years of on-the-job project management experience in construction projects or built environment projects in the past ten years.

*Build skills.  
Lead projects.  
Shape the future.*

**THEN ...  
BOOK AND PREPARE FOR YOUR EXAM.**
